

“He shall speak pompous words against the Most High, shall persecute the saints of the Most High, *and shall intend to CHANGE TIMES AND LAW . . .*” (Daniel 7:25).

“Through his cunning he shall *cause deceit to prosper* under his rule and he shall *exalt himself in his heart*” (Daniel 8:25).

The Man of “Change”!

Who is this masked man who is riding in to save the world? Who is this man who says he is going to “CHANGE” everything – that “change” begins with him? Do we really want the kind of “change” he is promising and bringing? Are you sure? Swinging right off the bat, he has already begun to “*change times and law*” (Daniel 7:25).

William F. Dankenbring

Since the arrival of Barack Hussein Obama as president of the United States, the world is seeming to become unglued. The “changes” he promised have already begun to proliferate and come upon us like a howling blizzard.

On Nov. 27, 2008, Barack Obama was asked the question regarding his vision for change and where the change would be. Obama quickly stated: “I am the change, the change comes from me.” We wonder who this strange person is and what is his real agenda for change?

According to Islamic tradition there was an Islamic Imam who was the Prophet Mohammed’s cousin and son-in-law. His name was Ali Ibn Abi-Talib. This man gave the following prophecy: “At the end of times, and just before the return of the Mahdi, a tall black man will assume the reins of government in the West, commanding the strongest army on Earth. The new ruler in the West will carry a clear sign from the third Imam, whose name was Hussein Ibn Ali.” Strangely enough, the name Obama in the Persian language means “He is with us.”

In the last century there was a great noted Kenyan prophet, Johanwa Owalo, who was the founder of Kenya’s Nomiya Luo Church, and who among the Kenya people of the Luo religion is believed to be a prophet similar to Jesus Christ and Muhammad. In 1912 he made this horrific prophecy about the United States.

“So far have they (the United States) strayed into wickedness in

those (future) times that their destruction has been sealed by my (Father). Their great cities will burn, their crops and cattle will suffer disease and death, their children will perish from diseases never seen upon this Earth, and I reveal to you the greatest (mystery) of all as I have been allowed to see that that their (the United States) destruction will come through the vengeful hands of *one of our very own sons.*”

Noah Hutchings of the *Prophetic Observer* points out, “We live in rapidly changing times, as I bring out in an article in the current *Prophetic Observer*: Daniel said that in the political powers of the man identified as Antichrist, that he would think to CHANGE times and laws. It is interesting that the motto of President Obama during his campaign was ‘Change’ Dozens of news items have crossed my desk in the past week relating to New World Order. Wax museums from other nations are making a replica of the Oval Office with President Obama. There has never been so much universal acclamation of one man as there has been of Mr. Obama.”

What kind of “changes” are coming, and are we prepared for them? People today seem horrified – struck dumb – their faces pale and pallid looking. The economy, jobs, home foreclosures, Iran, drought, storms, the whole earth seems in the throes of some terrible disease, with calamity lying around the next corner. What should we do to get ready – to be “prepared”?

The Times They Are A’Changing

Says David Meyer in *Last Trumpet Newwletter*, “One thing is certain: with the rising of Barack Obama, we are witnessing the rapid rising of both homosexuality and immorality. We are also seeing a massive revival of the Moslem religion. Our U.S. State Department is now featuring a new 2009 wall calendar entitled ‘Mosques in America.’ Is there really a separation of church and state? The calendar was advertised by Global Publishing Solutions (GPS), which is a division of our U.S. State Department. The advertisement reads as follows: ‘In celebration of Ramadan, Global Publishing Solutions (GPS) is offering a limited edition of the 2009 Mosques in America Wall Calendar. This 12-month calendar is perfect for Muslim outreach efforts, as well as office and event giveaways.’”

“Change” fascinates people. But do they know what they are in for? And what the nation and the world are in for?

Meyer adds, “On January 27th, 2009, President Barack Obama signed an executive order allocating 20.3 million dollars to bring Palestinians related to the Hamas terrorist organization to the United States as refugees. These are the ‘victims’ of the recent war at Gaza. It is estimated that hundreds of thousands of them will be brought to the United States. These refugees will be eligible for free food and housing. This executive order appeared in the Federal Register, volume 74, number 221.e 1615. It appears that we have not yet seen the beginning of trouble. I was born in this country, but it is not now the same country I was born in!”

The terrorists will soon be at our doorstep, and among us – *legally!*

It is weird! The strangest things are happening in the world, and in America! It seems as if the brakes have been taken off, released, and suddenly changes are occurring everywhere, intensifying, exploding, imploding, swelling, bursting, bubbling, and escalating in velocity and intensity! The poisonous brew is spilling over everywhere, like a foaming broth, inundating the world.

The Incredible Wild Ride

Says David Meyer, “There is no doubt in my mind the Barack Obama is a type of Antichrist. If the Lord allows it, Obama will completely destroy what is left of the United States of America. In Revelation 13:18 we are warned as follows: ‘Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.’ Much has been said and written about the number of the beast, but one important point about this verse is often forgotten. The word count is taken from the Greek word *psephizo*, which also carries the meaning of counting or deciding by vote. Those who think the Antichrist will barge his way in and take over by force need to realize that he will be *chosen and elected first*. In John 5:43, the Lord Jesus said, ‘I am come in my Father’s name, and ye receive me not: if another shall come in his own name, him ye will receive.’ Thus, he will be a man of vast popularity and received as an alternative to Jesus Christ.”

The whole world is “receiving” and “embracing” Obama with open arms. It is incredible to behold! Unbelievable – but we see it happening, and Christians are stunned, and patriots and conservative-minded people are numbed.

Says Meyer, “During the time of the inauguration in Washington, D.C., a parallel abomination was taking place in Des Moines, Iowa, where Obama had his first big win in his run for President. An artist made a realistic image of Obama, which was set on a donkey and led down the street to the capitol in Iowa. Secret Service type limousines with flags accompanied the antichrist Obama image, and people were given palm branches to lay before the donkey as it progressed slowly down Locust Street. The title of the news article was ‘Obama’s Triumphal Entry: Gentle, Riding on Donkey.’ Certainly you must remember the words of Louis Farrakhan, the leader of the Nation of Islam, who said, ‘When Obama talks, the Messiah is absolutely speaking.’”

These are blasphemous, outrageous acts and statements!

Meyer goes on, describing the scene: “Now we are seeing Obama sacred medallions being worn around the neck on a chain. The medallion has Obama’s *image* struck in it with the words ‘Save Us.’”

This is sheer IDOLATRY – WORSHIP OF A MAN! Much as the Germans adored Adolf Hitler prior to World War II and following him like lemmings in the years before the World War that destroyed entire nations and empires!

On January 17th, 2009, the London Daily Mail featured the headline which began with the words “Obama Can Save Us.” On January 18th, 2009, the Guardian Newspaper in London, England, featured a story with the headlines “President Has Four Years to Save the Earth.” The story was based on studies done by NASA scientist Jim Hansen, telling how Obama will need to take immediate action to save the earth from ecological disaster.

Asks Meyer, “Who is this man, Barack Obama, that Vanity Fair Magazine declared is ‘the most famous living person in the history of the world’? Who is this man that women throughout the United States are having indecent dreams and fantasies about, as reported by the New York Times Newspaper? Who is this man, Barack Obama, that we know so little about? Consider the following list: Occidental College records – Not released, Columbia University records – Not released, Columbia Thesis paper – Not available, Harvard College records – Not released, Selective Service Registration – Not released, Medical records – Not released, Illinois State Senate Schedule – Not available, Law Practice client list – Not released, Certified copy of original birth certificate – Not released, Embossed, signed paper Certification of Live Birth – Not released, Record of Baptism – Not available.”

It appears the world has bought a “pig in a poke”!

Says Meyer, “Is America becoming a Marxist-Socialist dictatorship? On February 12th, 2009, Senator Judd Gregg, a Republican that Obama selected as the Secretary of Commerce, withdrew from that position. Senator Gregg cited irresolvable differences between Obama and himself regarding the U.S. Census, which is under the authority of the Department of Commerce. According to a newscast heard on WTMJ Radio in Milwaukee, Wisconsin, which was aired at 11:30 on February 10th, 2009, Obama told Senator Gregg that the Department of Commerce would not have the oversight of the U.S. Census. Obama made it clear that the White House would take over the job of managing the census for control of the population purposes!

“Obama has also been filling key positions in government with pro-abortion radicals, such as Ellen Moran, who was executive director of the pro-abortion EMILY’S List organization and is now Obama’s Communications Director. Dawn Johnsen of the radical pro-abortion organization NARAL is now on Obama’s Department of Justice review team. Arizona Governor Janet Napolitano, who made a special trip to the Denver headquarters of pro-abortion Planned Parenthood to show her support, is now the head of the powerful Department of Homeland Security. Melody Barnes, a director of both Planned Parenthood and EMILY’S List, is now the head of Obama’s Domestic Policy Council. Tom Daschle, who is fanatically in favor of partial birth abortion and opposed to abstinence education, was chosen to be Obama’s powerful Secretary of Health and Human Services. The list goes on and on. How long will it be until the Lord says, ‘It is enough’?”

The American people surely asked for “change” – and they are getting it in spades! Whoever saw it coming – so fast – so insidiously – so blatantly – so audaciously?

Israeli Psychologist Views Obama

“Dr. Sam Vaknin, the author of the Malignant Self Love believes “Barack Obama appears to be a narcissist.” Vaknin is a world authority on narcissism. He understands narcissism and describes the inner mind of a narcissist like no other person. When he talks about narcissism everyone listens.

Dr. Vaknin states “I must confess I was impressed by Sen.Barack Obama from the first time I saw him. At first I was excited to see a black candidate. He looked youthful, spoke well, appeared to be confident – a wholesome presidential package. I was put off soon, not just because of his shallowness but also because there was an air of haughtiness in his demeanor that was unsettling. His posture and his body language were louder than his empty words. Obama’s speeches are unlike any political speech we have heard in American history. Never a politician in this land had such quasi ‘religious’ impact on so many people. The fact that Obama is a total incognito with zero accomplishment, make s this inexplicable infatuation alarming. Obama is not an ordinary man.. He is not a genius. In fact he is quite ignorant on most important subjects.”

Vaknin says that Obama’s language, posture and demeanor, and the testimonies of his closest, dearest and nearest suggest that the Senator is either a narcissist or he may have narcissistic personality disorder (NPD). Narcissists project a grandiose but false image of themselves. Jim Jones, the charismatic leader of People’s Temple, the man who led over 900 of his followers to cheerfully commit mass suicide and even murder their own children was also a narcissist. David Koresh, Charles Manson, Joseph Koni, Shoko Asahara, Stalin, Saddam, Mao, Kim Jong Ill and Adolph Hitler are a few examples of narcissists of our time.

All these men had a tremendous influence over their fanciers. They created a personality cult around themselves and with their blazing speeches elevated their admirers, filled their hearts with enthusiasm and instilled in their Minds a new zest for life. They gave them hope! They promised them the moon, but alas, invariably they brought them to their doom. When you are a victim of a cult of personality, you don’t know it until it is too late.

The Economic Meltdown

But now Obama is president. And the “changes” keep right on coming. Many more changes are headed our way, being drawn up behind closed and locked doors!

Declares David Meyer: “Every day it is becoming more obvious that the dark forces of conspiracy are hard at work to sabotage the economy of the United States in order to force a new and tightly controlled electronic economic system on the people of

America and eventually the entire world. In January 2009, the first month of the New Year, another six hundred thousand jobs were lost in the United States. On Inauguration Day, the stock market in America dropped more than any other Inauguration Day in its 112-year history. The Dow Jones Index dropped 332.13 points on January 20th, 2009.

“On the 13th day of February, the International Herald Tribune reported that many of the largest banks in the United States are on the brink of insolvency. This problem persists in spite of the so-called bailout. The bailout was never designed to solve the problem, and nearly three trillion dollars have already disappeared into thin air. I recently spoke with an official from a large Wisconsin-based bank that received 1.77 billion dollars in bailout money. This bank is extremely tight-fisted and charges plenty of interest while paying out almost no interest. The official told me that they didn’t need the bailout but took the taxpayer money anyway because they qualified for it. They have made fools of the American people, and the Americans don’t seem to mind.”

On the 13th day of February, “Friday the 13th,” four more banks were seized by the Federal Government, bringing the total for the year to thirteen. The banks were in Florida, Illinois, Nebraska, and Oregon. The U.S. Postal Service is already raising its rates again and remains in serious financial trouble. The Postmaster General has now announced that they will likely have to eliminate one day each week from mail delivery. Nevertheless, in spite of the depressing financial condition of the Postal Service, the Postmaster General managed to get for himself a whopping big bonus of \$600,000.00 at the end of 2008. That amount is two and one-half times his yearly salary! Disgusting!

Just how bad is the economy of the United States? To answer that question, we must look beyond the national debt to the total current obligations of the United States. Those obligations total 65.5 trillion dollars, which is more than the gross domestic product of the entire world! This figure includes all of the Social Security and Medicare benefits to be paid out.

How much money is that? If someone spent one million dollars per day each and every day since Jesus was born, it would take another 731 years (beyond today) before one trillion dollars was spent. So just multiply that by 65!

Or look at a million, a billion, and a trillion in terms of seconds. One million seconds comes out to be about 11½ days. A billion seconds is 32 years. And a trillion seconds is 32,000 years! Again, multiply by 65!

Third, put dollar bills end to end. If you laid one dollar bills end to end, one trillion dollars would stretch nearly from the earth to the sun. It would take a military jet flying at the speed of sound, reeling out a roll of dollar bills behind it, 14 years before it reeled out just *one* trillion dollar bills!

If you took freshly minted brand new \$1,000 dollar bills and starting stacking them one on top of another, it would take a stack over 68 miles high to reach one trillion dollars! 65 trillion would be a stack 2,420 miles high!

Says David Meyer, "Is our own government being honest with us? They never have been, so why should they start now? I recall a newscast that aired many years ago on the Huntley-Brinkley Report during the administration of President John Kennedy. In the report was a statement issued by then Pentagon Press Agent Arthur Sylvester, who said, 'The government has the right to lie to the people.' This obviously remains as policy with 'Uncle Scam.' In fact, one of the few courageous senators, Jim DeMint, a Republican from South Carolina, warned us, 'The White House will create a crisis and panic to push the stimulus bill.' The stimulus bill is not about stimulating the economy, but it is rather a part of the sabotage plan. When so much more money that doesn't exist is thrown into a pool of already weak dollars, it will make the existing dollars weaker than ever before. On February 9th, 2009, the Financial Times reported that gold bullion sales hit a record high as investors get rid of doomed paper currency. The recent sales of gold have increased four-fold!"

Where is the national outrage? Where is the heart of the American people?

They have been scammed – snookered – pillaged, plundered, raped and devoured – and they don't even know it! It is as if they are on a stupendous narcotics binge, and don't even perceive the COLD REALITY of the situation, the CRISIS unfolding, smoldering and exploding around them and under their feet!

On the other hand, there is growing PANIC, but yet people don't understand what is happening, and why! They have been "tricked" – DECEIVED – and the hour is very late!

This is how it works. On February 10th, 2009, the Senate passed Obama's economic recovery plan 61 to 37. During this process, late night secret meetings were held that shut out Republicans. House Speaker Nancy Pelosi and Senate Majority Leader Harry Reid met with others at midnight. It was so bad that Representative Tom Price, a Republican from Georgia, made a speech outside of Nancy Pelosi's office. A secret meeting was going on and the door was closed and locked. In his speech, Price questioned the shady deals that were going on. His exact words were: "What this means is there are more shady deals going on behind closed doors – without the public, without Republicans in attendance."

Interestingly, the Democrats in control promised that the stimulus bill would be made available to every member of Congress and to the general public via the internet forty-eight hours before the vote. They lied. This promise was quickly broken. The original bill was 424 pages long but quickly ballooned to 999 pages. On Friday the 13th, just two hours before the vote was to take place, every member of Congress was given a copy of the bill they had not yet seen. It now consisted of 1,071 pages and was eight inches thick. This is more than two reams of paper. It was then announced that the bill had to be urgently voted upon now because House Speaker Nancy Pelosi was leaving on an eight-day trip and was scheduled to meet with the Pope! The bill passed the House 246 to 183 on Friday the 13th of February. Not one of those who voted had even read the massive bill.

Says Meyer, “The bill, which is now law, contains more pork than the 2,000 swine that were possessed with devils in Mark 5:13. The devils have now gone into the stimulus package. Included in the package is \$300 million to purchase golf cart type vehicles called ‘green’ cars, also known as ‘neighborhood electric vehicles’ or NEVs. Another \$30 million will go to a personal project belonging to Nancy Pelosi. It will be used to protect the habitat of the San Francisco salt marsh harvest mouse.”

Changes in the Sun

Meanwhile, other dramatic changes are headed our way. They were foretold thousands of years ago! “Jesus Christ Himself, 2,000 years ago declared, “But take heed: see, I have told you all things beforehand. But in those days [before His second coming], after that tribulation, the *sun will be darkened*, and the moon will not give its light; the stars of heaven will fall, and the powers of the heavens will be shaken” (Mark 13:23-256).

And the book of Revelation tells us, “Then the fourth angel poured out his bowl on the sun, and power was given him to *scorch man with fire*. And men were scorched with great heat, and they blasphemed the name of God who had power over these plagues; and they did not repent and give Him glory” (Rev.16:8-9).

Isaiah in the Old Testament, 800 years before Christ, was inspired to prophesy of our end days, or last times, “The earth is also defiled under its inhabitants, because they have transgressed the LAWS, changed the ordinance, broken the everlasting covenant. Therefore the CURSE has devoured the earth, and those who dwell in it are desolate. Therefore the inhabitants of the earth are BURNED, and few men left” (Isaiah 24:5-6).

Isaiah also wrote of the “day of the great slaughter, when the towers fall. Moreover the light of the moon will be like the light of the sun, and *the light of the sun will be sevenfold, as the light of seven days*” (Isaiah 30:25-26).

This sounds like what astronomers call a “Nova” or “partial Nova” experience. Over 30 times a year, a star somewhere gets hot and bright, and then gets dark or dimmed, in a great explosive fury.

God created the sun and moon for days, months, times (festivals) and seasons (Gen.1:14-16). But the sun, meant for a great blessing, can also be a curse! Interestingly, in the December 17, 2008 *National Geographic* magazine, an article is headed, “Magnetic-Shield Cracks Found; Big Solar Storms Expected.”

Says Noah Hutchings, “I have noticed many scientific articles warning that we need to be worrying about a solar storm that is to arrive in 2011 or 2012 rather than the global warming scam. One report states: ‘NASA warns that if the sun’s activity over the next few years flares to the level of the May 1921 ‘superstorm’ or the so-called Carrington event of 1859 . . . the U.S. may not be equipped to handle the damages.’ In 1859 a space-solar storm heated telegraph wires to a red-hot stage, starting fires on the

prairies across the nation. But in 1859 there were no radios, televisions, thousands of airplanes in the sky carrying millions of people, or over one billion vehicles on the highways and roads that could plunge off bridges or crash into each other. Neither were there in almost every building electrical wires connecting heating and air conditioning systems, millions of computers, or millions with pacemakers or other life-sustaining electrical units somewhere in their bodies.

“In a January 8, 2009, Fox News report, the Laboratory for Atmospheric and Space Physics department at Colorado University reported the coming 2011 solar storm could impact ‘infrastructures, water distribution, perishable foods, medications, heating/air conditioning, sewage disposal, phone service, transportation, and so on.’ If the 2011 solar storm arrives as expected, then the results could be many times what was prophesied for Y2K.”

According to the *National Geographic* article, the magnetic field that surrounds the earth absorbs or detracts most of the deadly solar winds that flow outward from the sun at one million miles an hour. Now, as the article infers, a crack has been discovered in earth's magnetic shield and unusually severe electronic storms are expected to hit the earth in 2011.

The article states, “Right now the planet is enjoying a period of low activity called solar minimum. But particles have been building up inside the magnetosphere as the solar wind carries northward-facing field lines to Earth.”

Says Noah Hutchings, “What this means is that the sun has the lowest nuclear fusion output since 1812, one of the coldest years on the weather record. This is why the earth's main temperature has dropped every year for the past six years, blowing the Obama-Gore-Biden global warming theory out of the water. The head environmental official in England, Samuel Wilson, this past month charged the three with being ignorant liars who simply refuse to acknowledge scientific facts. Of course, as we have said repeatedly, global warming is a global political scam.

“However, the low activity means that there will be a *huge outburst on the sun* at the beginning of its 11- to 13-year-cycle. A report from Goddard Space Flight Center states in part, ‘The sequence we’re expecting . . . is just right to put particles in and energize them to create the biggest geomagnetic storms . . . the biggest disturbance in Earth's radiation belts. . . . It should be that we’re in for a tough time in the next 11 years.’

“Physicist Jimmy Reader of the University of New Hampshire offered, ‘If you turn on a gas stove and don't do anything to it for a while and then you throw in a match, what will happen? It will say, *Boom!*’

What does all this mean? Where is Obama taking us? Will America soon become a “slave nation,” a virtual “third world country”? Are we becoming a “police state” like Nazi Germany?

The Time of the “End”

Barack Hussein Obama was elected president of the United States November 2008, and became president January 2009. Daniel the prophet foretold a final period on earth of seven years – the “seventieth week” – which would be a great time of trouble, test, tribulation, and end with the coming of the Messiah to save mankind from extinction and annihilation.

Seven years from 2008 is 2015. The final 3 ½ years of this final “week” of years is prophesied to be the GREAT TRIBULATION – a time of world woes unparalleled in all its history (Matt.24:21-22; Dan.12:1; Jer.30:7).

“It shall be for a time, times, and a half; and when he shall have accomplished to scatter the power of the holy people, all these things shall be finished” (Dan.12:7). The mid-point of this final week could be the year 2012 – the final year of the amazing Mayan calendar, after which chaos and world “change” is to devastate the planet, according to the ancient Mayans. It certainly seems like events are working right on the divinely set schedule. The “appointed times” are incredibly close.

Daniel wrote of this time, “And [military] arms shall stand on his part and they shall pollute the sanctuary of strength, and take away the daily sacrifice, and they shall place the abomination that maketh desolate. And such as do wickedly against the covenant shall he corrupt by flatteries: but the people that do know their God shall be strong and do exploits. And they that understand among the people shall instruct many: yet they shall fall by the sword, and by flame, by captivity, and by spoil, many days . . . And some of them of understanding shall fall, to try them, and to purge, and to make them white, even to the time of the end: because it is yet for a time appointed” (Dan.11:35).

These things are barreling down the pike! 2012 will be a year in infamy. Consider! In the time of the end, God’s Word says, “And war broke out in heaven: Michael and his angels fought with the dragon; and the dragon and his angels fought, but they did not prevail, nor was a place found for them in heaven any longer. So the dragon was cast out, that serpent of old, called the Devil and Satan, who deceives the whole world; he was cast to the earth, and his angels with him. . . . Woe to the inhabitants of the earth and of the sea! For the devil has come down to you, having great wrath, because he knows he has a short time” (Rev.12:7-12).

2012 could very likely be the year when the final “war in heaven” breaks out and Satan the devil and his angels will be “cast out into the earth” (Rev.12:7-9). That point will begin the most terrible time of world chaos and trouble, and the most vicious time of persecution of Christians ever experienced on earth (Rev.12:13). Pray earnestly that you may be “accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man” (Luke 21:36).
